

Healthy Community

March 16, 2020

Dear Performance Athletics Gymnastics
Families and Community,

Performance Athletics Gymnastics will be closed until
March 29th, Session 4. Make ups will be provided.
Your continued partnership with us is greatly appreciated.

We had hoped to remain open and be a refuge in this time of
uncertainty. However, in light of recent developments we
have chosen to take this step to be proactive in protecting the
brightest stars in our sky- all our families and our
community.

We are monitoring the recommendations and updates from
the CDC, Governor Newsom and the SLO Public Health
Department daily.

Let us all take measures of precaution to ensure a healthy
environment and we thank the gymnastics community for
banding together.

*Embrace calm. Create mindfulness and savor the
little things. Meditate, breathe,
and note your gratitudes.
These can help reduce anxiety and stress.*

The safety and well-being of our students, families, staff,
and community continue to be
our highest priority.

If any new information or recommendations require changes
to our planned re-open date of March 29th we will notify
you via email as soon as possible.

Respectfully,

Performance Athletics Gymnastics

As this is a new and evolving situation,
the SLO County Public Health Department
advises the public to look to the
CDC for the most up-to-date information
on the 2019 novel coronavirus.
